Dear Dr. Kehoe:

All the Donora smog cases represented by Mr. Margiotti have been settled for a lump sum of \$265,000. Your valuable help in these cases is very much appreciated. We hope the litigation is finished for good.

We understand that Dr. Mills is considering writing an article based on Dr. Gibbs' air analyses and on the company production and loss records for the smog period showing that the etiological agent was sulphuric acid. He apparently plans to make the same mistake that Dr. Gibbs made. If he does so, it should start some fireworks.

Very truly yours,

REED, SMITH, SHAW & McCLAY
